DIGITAL SAFEGUARDING - 3 KEY REPORTS IN NETSWEEPER - FREE WEBINAR

WHAT IS IT?

Netsweeper Web Filtering & Online Protection service provides safe, filtered and logged web access for both staff and students for your school's broadband connection.

Our webinar will show you how to access and use 3 key digital safeguarding reports within your Netsweeper web filtering. We will also discuss ways you can identify iPads in these reports.

Our Netsweeper web filtering service meets the DfE recommendations for web filtering and is accredited by the UK Safer Internet Centre.

Illegal content (as listed on the Internet watch Foundation) remains blocked at all times and access cannot be over-ridden by school staff.

WHEN IS IT?

To register for this online event, **please click on the date below:**

10am – 10:30am, Tuesday 30 April 2024

* You will receive a confirmation email and then details will be emailed to you prior to the webinar on how to join it.

AGENDA

- Introduction to your Netsweeper Web filtering
- Key reports - access and usage
- Identifying iPads in your filtering reports

WHAT ARE THE BENEFITS?

Schools can configure and schedule their own reports of internet usage. These can be exported for further analysis:

- **Suspicious Search Report:** This report lists all of the search queries which are identified by our Suspicious Search Keywords Shared List.

- **Prevent Report – Websites:** This report lists all of the websites which have been accessed which would fall under a Category which is contained within UK Prevent.

- **Full Search Query Report:** This reports lists all internet search queries made through search engines such as Google and Bing for all users.
